

**Questions after Surgical Procedure:**

- 1. What side effects, symptoms and/or infections should I watch out for?**

---

---

---

---

---

---

- 2. Will I be given medicine to take? For how many days? Are there any side effects?**

---

---

---

---

---

---

---

---

- 3. When can I start performing regular activities?**

---

---

---

- 4. Should I call the office if there is something out of the ordinary?**

---
